## A year of generosity, kindness, and compassion

**Before March 2020, NHCO served approximately 400 - 500 families and individuals every month through our three food pantry sites. Since March and the beginning of the pandemic, we have served an additional 320 families and individuals.**

2020 has been a year in which we have certainly taken Mister Rogers' advice and looked for the helpers. As Mister Rogers said, "When I was a boy and I would see scary things in the news, my mother would say to me, 'Look for the helpers. You will always find people who are helping.'"

Oliver, 7, and his sister Hannah, 8, wheel in food donations at our Millvale office. They gathered the donations from their neighbors.

It has been my long standing belief that there might not be an organization in our region that does more to help others than NHCO. This might have proven to be even more accurate during 2020. This year has brought out so much generosity, kindness, and compassion through the NHCO community. Our entire team is truly grateful. You are part of this group of do-gooders that has accomplished incredibly essential and important services to those in hardship.

2021 will bring many terrific highlights including a 10th Anniversary Celebration of our Garden in Bellevue, a ground breaking for our new Bio Shelter, our annual NHCO Block Party, a variety of Sharing Project distributions, dozens of food pantries, and an assortment of events that will bring us together. Through your generosity we will be able to bring together 1,000+ volunteers to provide 3,500+ families with 25,000 direct services. The future is bright for NHCO and we are thrilled to have you as part of the team that will do so much good to help others in need during 2021.

- Tom Baker, Executive Director

## A Message from Tom Baker, NHCO's New Executive Director

Tom enjoys volunteering during our Salvation Army Kettle Campaign.

It has been a tremendous honor to begin my career with NHCO as Executive Director this fall. My family has been involved with NHCO for longer than a decade in many roles including my six years of service on our Board of Directors. We have thoroughly enjoyed all of our experiences including ringing kettle bells for the holidays, Running for the Hills several years for our NHCO Marathon team, and attending and emceeding NHCO events as well over the years. NHCO has always held a special place in my heart and this opportunity to help lead our organization is truly one that means a great deal to me. People Helping People is what my life has been all about since my childhood and I wholeheartedly believe in our mission and vision of supporting our neighbors in the community through the 20 programs and services that NHCO coordinates and provides.

We have an amazing team of staff, board, volunteers, clients, and supporters. It has been such a rewarding experience to get to know so many facets of individuals and groups that serve within NHCO so far. As the weeks and months move along, I certainly hope to connect with all of you who are reading this. If there is anything at all that you would like to share with me, please never hesitate to email me at [tjbaker@nhco.org](mailto:tjbaker@nhco.org). I am

available every day of the week, including nights and weekends, to come and share about NHCO with your places of worship, schools, civic groups, or companies. We certainly hope to expand upon the current partnerships of NHCO in 2021 and look forward to collaborating with many new groups moving forward.

## District 1 Difference Maker Award Winner

Congratulations to Volunteer Glenn Smith

NHCO Executive Director Tom Baker (left) and NHCO Millvale Outreach Manager Jacquyn Boggs (right) presented Glenn with the award.

During the summer of 2018, heavy rains caused Girty's Run in Millvale to overflow, damaging homes and business. Many families and individuals needed assistance recovering from the tragedy.

"I believe that volunteering to help others at a time of need is our responsibility. Working with the staff at NHCO is an opportunity to fulfill that responsibility in a professional and enjoyable way. To be recognized for those efforts by this award is very special and much appreciated."

Glenn went door to door and checked on homes affected by the floodwaters and offered assistance. He also organized other volunteers to clean, mop and power wash basements, and delivered dehumidifiers and other supplies.

For his volunteerism during that difficult time, County Councilman and current NHCO Executive Director Tom Baker recognized Glenn with the District 1 Difference Maker Award.

# Responding to the Pandemic

New programs added, and new protocols put in place to help those in crisis.

Since March 1, 2020  
**2,024 services**  
were provided to  
**515 families**

That number does not include  
our food pantry clients, where  
**320 NEW households**  
were served

*\*These numbers only reflect our fiscal  
year, which ended June 30, 2020.*

Some of the numbers you will see in this annual report will look different compared to past reports. The COVID-19 crisis caused a higher demand for many of our services. It also forced us to temporarily halt some of our programs and events. During this time, North Hills Community Outreach is still committed to helping our neighbors.

Starting in March, many of our programs began operating differently. We held all our food pantries outside with items pre-bagged to help with social distancing and minimize person-to-person contact. Our Sharing Project collections and distributions also operated under CDC safety protocols.

"For everyone's safety, we had to change the way we collected and distributed the Sharing Projects this year. With the support of donors and volunteers, we were able to meet the need for grateful families," said Vicki Burstynowicz, Sharing Projects Coordinator.

Programs including Free Tax Prep, Ask the Attorney and Education Assistance mostly operated via phone, email and Zoom. Our Free Rides For Seniors program was suspended, but slowly and safely returned to provide rides to medical appointments.

Initially, we asked our Volunteers to stay home. As restrictions eased, we opened limited volunteer opportunities with safety precautions in place. Having fewer volunteers affected many of our programs, including our garden.

"The COVID-19 crisis in March impacted our spring planting and harvest until we could bring volunteers back. However, this allowed us to really focus on maximizing summer and fall plantings for an amazing harvest of beans, squash, lettuces and kale," said Alyssa Crawford, NHCO Garden Team Leader and Youth Coordinator.

**We are grateful to our clients, volunteers, donors, supporters and staff who pulled together to help us all get through this difficult time.**

## New Position - CARES Service Coordinator

Stephanie Kobert's new position at NHCO focuses solely on those affected by the COVID-19 crisis. Anyone who experienced a job loss and/or reduction of income due to COVID-19 can get help finding services and applying for emergency relief. The position was developed as part of the CARES (Coronavirus Aid Relief and Economic Security) Act passed by congress in March.

Stephanie can assist those applying for:

- Supplemental Nutrition Assistance Program (Food Stamps)
- Low-Income Home Energy Assistance Program (LIHEAP)
- Free or reduced prices on school meals
- Assistance with child care while at work
- Medical assistance
- Pennsylvania unemployment

She can also connect clients with other NHCO programs and resources.

## New Program - Senior Buddy Check-In Calls

***"Our goal is/was simply to offer our most vulnerable seniors a warm, caring and encouraging human connection during this unprecedented time of crisis and isolation and ensure that they know help is available, if needed."***

Dr. Nancy Jones, NHCO North Boroughs Outreach Manager

Volunteers are calling seniors who live alone, ensuring they're safe, and their needs are met during the COVID-19 crisis. Needs can include food, medicine and other essentials. If they need anything, NHCO will arrange a way to get those goods or services to them. This is one of the ways we connect with seniors in our community to make sure they live healthy and safe with dignity at home. And for some seniors, hearing a friendly voice is all they need.

### 747 Senior Buddy Check-in Calls

were made to

**165 Seniors** by  
**23 Volunteers**

from the In Service Of Seniors program

"They've been really happy to hear from me. They're lonely," said Elaine, a volunteer caller. "One woman I've spoken with said she doesn't have anybody. So she was just glad to hear my voice and happy to talk to somebody. It was mostly just chatting about whatever she wanted to talk about."

Many of the seniors we serve live independently and have limited access to resources. Some do not have family or friends close by during the COVID-19 crisis.

***"Since losing her husband and then her son-in-law, the calls have kept her positive and not so lonely. She is getting chattier and chattier with each phone call and that's a great sign."***

## New Project - Delivering Food to Seniors

To help our seniors stay safe at home, NHCO organized food deliveries to their homes once a month for four months.

**1,015 Boxes of Food**  
some non-perishable and some fresh  
produce, were delivered to  
**195 Seniors**

**30 Volunteers** and members from  
**8 Local Police Departments**  
made the deliveries

***"Thank you very much. I really appreciate this so much. Good things in there. I'm sure everybody in our building appreciates it also."***
